

Auricularia auricula-judae

Mu-Err, Chinesische Morchel

Fungi, Dikarya, Basidiomycota, Agaricomycotina, Agaricomycetes, Auriculariomycetidae, Auriculariales, Auriculariaceae

Legitimate (Bull.) Quél. 1886

Aktueller Name gem. MycoDB: *Auricularia auricula-judae* (Bull.) Quél., *Enchiridion Fungorum in Europa media et praesertim in Gallia Vigentium*: 207 (1886) [MB102281]

Basionym: *Tremella auricula-judae* Bull., *Herbier de la France* 9: tab. 427, fig. 2 (1789) [MB218233]

Obligate Synonyme:

Hirneola auricula-judae (Bull.) Berk., *Botany of the Antarctic Voyage. III Flora Tasmaniae*. 2: 262 (1860) [MB149500]

Peziza auricula-judae (Bull.) Bull., *Histoire des champignons de la France*. I: 241 (1791) [MB235584]

Exidia auricula-judae (Bull.) Fr., *Syst. mycol.*: 221 (1822) [MB205881]

Exidia auricula-judae (Bull.) Fr., *Systema Mycologicum* 2: 221 (1822) [MB495830]

Hirneola auricula-judae subsp. *auricula-judae* (Bull.) Berk.: 289 (1860) [MB568257]

Taxonomische Synonyme:

Auricularia auricula-judae var. *lactea* Quél., *Enchiridion Fungorum in Europa media et praesertim in Gallia Vigentium*: 207 (1886) [MB414418]

Hirneola auricula-judae var. *lactea* (Quél.) D.A. Reid, *Transactions of the British Mycological Society* 55 (3): 440 (1970) [MB352849]

Auricularia lactea (Quél.) Bigeard & H. Guill., *La Flore des Champignons supérieurs de France* ed. 2 (1913) [MB492444]

Auricularia albicans Berk., *Botanical Journal of the Linnean Society* 13: 170 (1872) [MB158167]

Auricularia auricula f. *albicans* (Berk.) Kobayasi, *Bulletin of the National Science Museum Tokyo* 7 (2): 49 (1981) [MB118244]

Auricularia sambucina Mart., *Flora Cryptogamica Erlangensis sistens vegetabilia e classe ultima Linn. In agro Erlangensi hucusque detecta*: 459 (1817) [MB169569]

Tremella auricula L., *Species Plantarum*: 1157 (1753) [MB355933]

Auricularia auricula (L.) Underw., *Memoirs of the Torrey Botanical Club*: 15 (1902) [MB355740]

Hirneola auricula (L.) P. Karst., *Deutschlands Flora*: 93 (1880) [MB451618]

Auricularia auricularis (Gray) G.W. Martin, *The American Midland Naturalist* 30: 81 (1943) [MB284480]

Gyraria auricularis Gray, *A natural arrangement of British plants* 1: 594 (1821) [MB452020]

Hirneola auricularis (Gray) Donk, *Bulletin du Jardin Botanique de Buitenzorg* 18: 89 (1949) [MB455442]

Merulius auricula (L.) Roth, *Tent. fl. Germ.*: 535 (1788) [MB454375]

Peziza auricula (L.) Lightf., *Flora Scotica* 2: 801 (1777) [MB492689]

Auricularia sambuci Pers., *Mycologia Europaea* 1: 97 (1822) [MB497147]

Tremella auricula-judae var. *caraganae* Pers., *Synopsis methodica fungorum*: 625 (1801) [MB499036]

Tremella caraganae (Pers.) H. Mart., *Prodromus Flora Mosquensis* Ed. 2: 247 (1817) [MB493640]

Tremella auricula-judae var. *nidiformis* Lév., *Annales des Sciences Naturelles Botanique* 16: 341 (1841) [MB514887]

Hirneola auricula-judae var. *nidiformis* (Lév.) Sacc. (1888) [MB140875]

Hirneola nidiformis (Lév.) Mussat, *Sylloge Fungorum* 15: 166 (1901) [MB237041]

Hirneola auricula-juda

makroskopisch

Substrat

Laubholz, evtl. *Salix*

Gattung/en:

Auricularia
