

Entoloma sericellum cf

Weisser Rötling

Fungi, Dikarya, Basidiomycota, Agaricomycotina, Agaricomycetes, Agaricomycetidae, Agaricales, Entolomataceae

Legitimate (Fr.) P. Kumm. 1871

Aktueller Name gem. MycoDB: Entoloma sericellum (Fr.) P. Kumm., Der Führer in die Pilzkunde: 97 (1871) [MB225035]

Basionym: Agaricus sericeus var. sericellus Fr., Observationes mycologicae 2: 145 (1818) [MB462569]

Obligate Synonyme:

Alboleptonia sericella (Fr.) Largent & R.G. Benedict, Mycologia 62 (3): 446 (1970) [MB308442]

Eccilia sericella (Fr.) Singer, Collectanea Botanica 1 (3): 218 (1947) [MB297063]

Leptonia sericella (Fr.) Barbier, Bulletin de la Société Mycologique de France 18: 78 (1902) [MB123317]

Rhodophyllus sericellus (Fr.) Quél., Enchiridion Fungorum in Europa media et praesertim in Gallia Vigentium: 61 (1886) [MB290537]

Nolanea sericella (Fr.) anon. ined. (1871) [MB438754]

Agaricus sericellus (Fr.) Fr., Systema Mycologicum 1: 196 (1821) [MB192655]

Hyporrhodius sericellus (Fr.) Henn.: 138 (1898) [MB585325]

Taxonomische Synonyme:

Agaricus carneoalbus With., An arrangement of British plants 4: 170 (1796) [MB238536]

Clitopilus carneoalbus (With.) Sacc., Sylloge Fungorum 5: 704 (1887) [MB147259]

Eccilia carneoalba (With.) Quél., Bulletin de la Société Botanique de France 26: 49 (1880) [MB438301]

Rhodophyllus carneoalbus (With.) Quél., Enchiridion Fungorum in Europa media et praesertim in Gallia Vigentium: 62 (1886) [MB462579]

Agaricus molluscus Lasch, Linnaea 3: 398 (1828) [MB462570]

Eccilia molluscus (Lasch) D.A. Reid, Transactions of the British Mycological Society 41 (4): 433 (1958) [MB414632]

Agaricus molliusculus Lasch (1828) [MB228372]

Rhodophyllus molliusculus (Lasch) Romagn.: 204 (1939) [MB586495]

Eccilia molluscus (Lasch) Quél., Mémoires de la Société d'Émulation de Montbéliard ser. 2, 5: 334 (1872) [MB650615]

Agaricus sericellus var. lutescens Fr., Ges. naturf. Freunde, Berlin: 106 (1867) [MB462571]

Leptonia sericella var. lutescens (Fr.) Rea, British Basidiomycetae: A handbook to the larger British fungi: 347 (1922) [MB486570]

makroskopisch

Hutfarbe

Blass, weiss

Lamellenfarbe

Leuchtend rosa

olfaktorisch / organoleptisch

Geruch / Geruchsprofil

Fehlend

Varia

Bestimmt nach

Ludwig Erhard, Pilzkompodium, IHW-Verlag

Gattung/en:

Entoloma
