

Hebeloma collariatum

Fungi, Dikarya, Basidiomycota, Agaricomycotina, Agaricomycetes, Agaricomycetidae, Agaricales, Strophariaceae

Legitimate Bruchet 1970

Aktueller Name gem. MycoDB: *Hebeloma velatum* (Peck) Peck, Bulletin of the New York State Museum 139: 69 (1910) [MB509421]
 Basionym: *Hebeloma colvinii* var. *velatum* Peck, Annual Report on the New York State Museum of Natural History 48: 117 (1897) [MB635779]
 Obligates Synonym: *Hebeloma colvini* var. *velatum* Peck (1897) [MB505803]
 Taxonomische Synonyme:
Hebeloma dunense L. Corb. & R. Heim, Mém. Soc. Natn. Scienc. Nat. Cherbourg: 166 (1929) [MB263598]
Hebelomatis dunense (L. Corb. & R. Heim) Locq., Flore mycologique 3: 130 (1979) [MB314995]
Hebeloma collariatum Bruchet, Bulletin Mensuel de la Société Linnéenne de Lyon 39: 125 (1970) [MB314953]
Hebeloma collariatum f. *collariatum* Bruchet (1970) [MB431285]
Hebeloma aprile Romagn., Sydowia 36: 255 (1983) [MB115177]
Hebeloma collariatum f. *aprile* (Romagn.) Esteve-Rav., Boletín de la Sociedad Micológica de Madrid 20: 143 (1995) [MB460694]
Hebeloma naucorioides A.H. Sm., V.S. Evenson & Mitchel, Veiled species of *Hebeloma* in the western United States: 171 (1983) [MB115216]
Hebeloma pitkinense A.H. Sm., V.S. Evenson & Mitchel, Veiled species of *Hebeloma* in the western United States: 156 (1983) [MB115231]
Hebeloma subfastigiatum A.H. Sm., V.S. Evenson & Mitchel, Veiled species of *Hebeloma* in the western United States: 180 (1983) [MB115249]
Hebeloma wellsiae A.H. Sm., V.S. Evenson & Mitchel, Veiled species of *Hebeloma* in the western United States: 34 (1983) [MB115263]
Hebeloma bicoloratum var. *coloradense* A.H. Sm., V.S. Evenson & Mitchel, Veiled species of *Hebeloma* in the western United States: 64 (1983) [MB116901]
Hebeloma psammicola Bohus, Annales Historico-Natureles Musei Nationalis Hungarici 70: 103 (1978) [MB314972]
Hebeloma collariatum f. *psammicola* (Bohus) Bohus, Documents Mycologiques 25 (98-100): 86 (1995) [MB414566]
Hebeloma psammocolum Bohus (1978) [MB375060]
Hebeloma subcaespitosum var. *psammicola* (Bohus) Bohus, Studia Botanica Hungarica 16: 42 (1983) [MB116811]
Hebeloma psammicolum Bohus (1978) [MB264825]
Hebeloma subcaespitosum var. *psammocolum* (Bohus) Bohus (1983) [MB264828]
Hebeloma subcaespitosum Bon, Documents Mycologiques 8 (29): 35 (1978) [MB314978]
Hebeloma subcaespitosum var. *subcaespitosum* (?) [MB416999]
Hebeloma xerophilum Rudn.-Jez., Acta Mycologica Warszawa 3: 183 (1967) [MB331757]
Hebeloma claviceps f. *nigrescens* Killerm., Denkschriften der Bayerischen Botanischen Gesellschaft in Regensburg 16: 97 (1925) [MB261063]

makroskopisch

Hutfarbe

Ocker, jung Rand mit weisser Zone, Zentrum dunkler

olfaktorisch / organoleptisch

Geruch / Geruchsprofil

Rettichartig

botanisch / ökologisch

Standort

Betula

Gattung/en:

Hebeloma
