

Polyporus leptocephalus

Löwengelber Stielporling

Fungi, Dikarya, Basidiomycota, Agaricomycotina, Agaricomycetes, Polyporales, Polyporaceae

Legitimate

(Jacq.) Fr. 1821

Aktueller Name gem. MycoDB: Polyporus varius (Pers.) Fr., Systema Mycologicum 1: 352 (1821) [MB225640]

Basionym: Boletus varius Pers., Observationes mycologicae 1: 85 (1796) [MB444101]

Obligate Synonyme:

Melanopus varius (Pers.) Pat., Les Hyménomycètes d Europe: 137 (1887) [MB100709]

Polyporellus varius (Pers.) P. Karst., Meddelanden af Societas pro Fauna et Flora Fennica 5: 37 (1879) [MB100873]

Grifola varia (Pers.) Gray, A natural arrangement of British plants 1: 644 (1821) [MB362183]

Polyporus varius β varius (Pers.) Fr. (1821) [MB444320]

Cerioporus varius (Pers.) Zmitr. & Kovalenko, International Journal of Medicinal Mushrooms 18 (1): 33 (2016) [MB812042]

Taxonomische Synonyme:

Polyporus gintlitanus Velen., Ceske Houby 4-5: 687 (1922) [MB266010]

Polyporus magnovarius Lloyd, Mycological Writings 7 (69): 1192 (1923) [MB270338]

Boletus lateralis Bolton, An History of Fungusses, Growing about Halifax 2: 83 (1788) [MB468294]

Polystictus varius (Pers.) G. Cunn. (1965) [MB297257]

Boletus elegans Bull., Herbar de la France 1: t. 46 (1781) [MB137606]

Polyporus elegans (Bull.) Trog, Flora (Regensburg) 15: 553 (1832) [MB226519]

Polyporellus elegans (Bull.) P. Karst., Meddelanden af Societas pro Fauna et Flora Fennica 5: 37 (1879) [MB100880]

Melanopus elegans (Bull.) Pat., Essai taxonomique sur les familles et les genres des Hyménomycètes: 80 (1900) [MB469826]

Polyporus varius subsp. elegans (Bull.) Donk, Mededelingen van het botanisch Museum en Herbarium van de Rijksuniversiteit Utrecht 9: 139 (1933) [MB281410]

Melanopus varius subsp. elegans (Bull.) Bourdot & Galzin, Bulletin de la Société Mycologique de France 41: 111 (1925) [MB493713]

Polyporus varius var. elegans (Bull.) Gillot & Lucand, Cat. Champ. sup. Saône-et-Loire: 327 (1891) [MB438902]

Leucoporus calceolus var. elegans (Bulliard) Quélet, Enchiridion Fungorum in Europa media et praesertim in Gallia Vigentium: 165 (1886) [MB802877]

Boletus nummularius Bull., Herbar de la France 3: t. 124 (1783) [MB356027]

Polyporus varius var. nummularius (Bull.) Fr., Systema Mycologicum 1: 353 (1821) [MB348657]

Polyporus nummularius (Bull.) Fr., Observationes mycologicae 1: 123 (1815) [MB208300]

Melanopus nummularius (Bull.) Pat. (1821) [MB356595]

Coltricia nummularia (Bull.) Gray, A natural arrangement of British plants 1: 644 (1821) [MB468830]

Polyporus leptocephalus f. nummularius (Bull.) Courtec., Documents Mycologiques 23 (92): 62 (1994) [MB361768]

Polyporus varius f. nummularius (Bull.) Courtec., Documents Mycologiques 18 (72): 50 (1988) [MB134803]

Melanopus varius subsp. nummularius (Bull.) Bourdot & Galzin, Bulletin de la Société Mycologique de France 41: 109 (1925) [MB493715]

Polyporus elegans subsp. nummularius (Bull.) Fr., Hymenomycetes

Unsichere Bestimmung: Der leuchtendgelbe Stiel ist eher atypisch

Gattung/en:

Polyporus
